I read it in McCoys RCRA Unraveled. It was the chapter on LDR - chapter 13, I believe. I don't have it with me. It's at home.

I believe I also left you some references to RCRAOnline - RO #s. If you go to [www.rcraonline.gov](http://www.rcraonline.gov), you can type in the RO # in the advanced search engine and it will give you the EPA guidance document.

Does that help, Gary?

Joel:

What is the name of the reference that you used to determine that LDRs do not apply when doing insitu actions?

Thanks
